"Our schools aren't safe because of all the guns in the hands of people filled with hate. We need to make it harder for people who hate to get assault rifles."
— Dominique, age 14, Yonkers

Dear Niagara County Parent:

Our children are our most precious resource. We listen to their tiny voices and hear the lion's roar of their wisdom! They know that pervasive guns are the real problem in America today. If they could act, is there any doubt that our young people would take action to get guns out of our schools, off our streets, and out of the hands of extremists?

Our children don't have the power to act, but WE do. We can make a positive change, and demand the government enact the Parents for Safe Schools commonsense gun reform agenda: uniform gun safety laws across all communities in New York State, mandatory background checks on gun owners, mandating guns be safely stored locked and unloaded in homes, banning the sale of military-style Assault Rifles like the AR-15, restricting the sale of dangerous "hollow-point" bullets, and outlawing high-capacity clips.

VOTER ALERT -- URGENT VOTER ACTION NEEDED -- VOTER ALERT

Before we can enact our commonsense gun control agenda, we need to elect the right people.

In Niagara County, as a registered voter you may vote in primary elections on Tuesday, June 23, 2020. Your gun reform vote is needed in the following contests:

U.S. Congress-NY27 AND Niagara County JUDGE

Parents for Safe Schools/SAFE SCHOOLS COALITION endorsed candidates are

U.S. Congress-NY27: NATE McMURRAY

Nate McMurray supports universal background checks and assault weapons ban

Niagara County JUDGE: CAROLINE WOJTASZEK

Caroline Wojtaszek has prosecuted multiple dangerous criminals under the New York SAFE Act commonsense gun law

Please help make commonsense gun reform a reality throughout New York State. Please elect these champions of gun control, and let's keep our schools safe for our kids!

Yours Truly,

Carl Enriquez-Smith
Executive Director
